PRINCIPAL’S REPORT

- We have relocated our Art rooms to the Pink room, D10 and the Textiles Room. The relocation seems to be working quite well after a mammoth relocation took place last week. We look forward to some new vinyl going into these areas over the next couple of weeks.
- The Timboon Rail Trailers/Lions are holding a Christmas in July function at the Timboon Golf Club this Saturday night (July 27th) starting at 8:00. Tickets are available from the Fat Cow. Proceeds will support the Relay for Life and some of our families that have been affected by cancer battles.
- School Council is holding its meeting tonight to debrief on the school closure. Please note the change of date.
- School Council will also be approving drill grey shorts as an option for boys. The selected brand and style has been researched by TSPA and will be featured in next week’s newsletter. It is not a cargo short style, so please wait for further information before purchasing summer shorts for your child.
- Thank-you to those people who came and purchased some of our excess tables. Your generous donations are greatly appreciated.

If you have any concerns or issues that you wish to discuss with me please feel free to give me a call at school (5598 3381) or on (0407 345 324) Email: timboon.p12@edumail.vic.gov.au

ASSISTANT PRINCIPAL

Term three promises to be an action packed one. Already, we have had students represent our school at the State Cross Country, while another group competed in the Debate section of the Warrnambool Eisteddfod. The opportunity to represent our school out in the community is often a highlight in a child’s education and one that allows them to celebrate their efforts and achievements beyond our school. It is always wonderful to hear about how they perform but more importantly the way that they conduct themselves both as sportsmen and in terms of social skills. We often use these kinds of examples when working on behaviour expectations with our students and they are shared as part of our assembly celebrations.

The mud season has arrived. Staff are constantly talking with students about the need to make good play choices to ensure they are able to return to class in a way that enables them to not leave mud from one end of the room to the other. If your child
makes a poor choice over a play time you can expect a phone call, asking you to come in with a clean uniform for them to be able to re-enter their learning environment. While this may be inconvenient I’m sure you can understand that it is not practical for the school to provide a suitable change of clothes for our students.

This term I will be sending out letters to repeat uniform infringers. Please make every effort to have your child in correct uniform each day at school. If this is not possible please contact me so that I am able to support you in your efforts. For those parents in particular of boys, there has been much effort made behind the scenes by School Council and TSPA to respond to concerns about a cheaper boys shorts option being necessary (rather than just the cord 720 grey shorts.) This matter is on School Councils next agenda with a recommended plain grey cotton drill ‘Stubbies’ brand or similar now to be added to the official uniform list. They are available at Jo-Jo’s, Target, Best and Less and Lowes. They are pictured here to help make you purchases. Please note that they approved drill short does not have external cargo pockets.

SENIOR BASKETBALL REPORT
A great day of competition and fun was enjoyed at the Terang stadium last Friday in Senior Basketball. The Senior boys improved as a team with every game they played throughout the day. Aiden Peale provided some impressive aerial manoeuvres and Adam Doak invented a new shot now known as the ‘no look sky hook’. Our Senior Girls team were undefeated all day and enjoyed watching Georgia Spokes shoot a ‘nothing but net’ three pointer in game 3. Tess Lindquist and Jaymie Finch appeared to constantly air borne during game time and once again Joanne and Lisa Couch proved to be a formative pair of point guards against all teams competing on the day. A very big thank you to Mr Matt Walker for offering his time and support for our school and the competition to come and umpire. Our Senior Girls team will next compete in the Greater Western Region Finals in Ballarat on the 5th August at the Miners Dome.

JAMIE MACKIESON

INTERMEDIATE BASKETBALL REPORT
Two Teams of Intermediate students competed in the Hampden Round on Friday March 19th. The girls team were successful in winning all their games in a convincing manner. They will now compete in the final of the Greater Western Region in Ballarat on August 5th.

The boys team tried hard but unfortunately lost their games. The games were played in a sporting manner with great endeavour. A new star was found in Murray Green, who dominated the shooting. Thank you to Marc Graesser and Jamie Mackieson who coached the teams and to Matthew Walker who umpired.

WARRNAMBOOL EISTEDDFOD
Last Monday, I had the pleasure of traveling to Warrnambool to see students from Year 6 present their debate arguments at the Warrnambool Eisteddfod. There were two teams. Jake Matthews, Jennifer Huffadine, Charlie Trotter and Pia Falk argued that ‘Too much emphasis is placed on winning’. Ciara Fitzpatrick, Laura Weston, Sam Cole and Ben Berry argued that ‘Children can Change the World’. All children are to be congratulated. They were calm, spoke clearly and argued well. It was a pleasure to listen to and I was very proud of their performance. The day would not have been possible without the support and guidance offered by Terry O’Connor. He proved himself an excellent coach for the children. Thank you also to the parents involved for their support. The time spent encouraging and listening to your child certainly paid off.

GRADE 3
Today’s topic is Classifications

Is it ok for my child to play or watch?

Most of us know there are classifications on movies and TV shows, but many are not aware that it is now required for computer games and iPad apps.

The Australian Government regulates all media allowed in Australia based on six criteria, being: Themes, Violence, Sex, Language, Drugs use and Nudity. Imagine a job where all you ever did was watch movies or play computer games all day, but that’s exactly what the people employed by the classifications board do. All movies and computer games have to be classified before being allowed for sale in Australia. Once they have viewed the material they will put them into one of the following categories:

G - The G classification is suitable for everyone. G products may contain classifiable elements such as language and themes that are very mild in impact. However, some G-classified films or computer games may contain content that is not of interest to children.

PG – The impact of PG (Parental Guidance) classified films and computer games should be no higher than mild, but they may contain content that children find confusing or upsetting and may require the guidance or parents and guardians. They may, for example, contain classifiable elements such as language and themes that are mild in impact. It is not recommended for viewing or playing by persons under 15 without guidance from parents or guardians.

M – Films and computer games classified M (Mature) contain content of a moderate impact and are recommended for teenagers aged 15 years and over.

Children under 15 may legally access this material because it is an advisory category. However, M classified films and computer games may include classifiable elements such as violence and nudity of moderate impact that are not recommended for children under 15 years.

Parents and guardians may need to find out more about the film or computer game’s specific content, before deciding whether the material is suitable for their child.

MA15+ - MA 15+ classified material contains strong content and is legally restricted to persons 15 years and over. It may contain classifiable elements such as sex scenes and drug use that are strong in impact. A person may be asked to show proof of their age before hiring or purchasing an MA 15+ film or computer game. Cinema staff may also request that the person show proof of their age before allowing them to watch an MA 15+ film. Children under the age of 15 may not legally watch, buy or hire MA 15+ classified material unless they are in the company of a parent or adult guardian. Children under 15 who go to the cinema to see an MA 15+ film must be accompanied by a parent or adult guardian for the duration of the film. The parent or adult guardian must also purchase the movie ticket for the child.

The guardian must be an adult exercising parental control over the person under 15 years of age. The guardian needs to be 18 years or older.

R18+ - R 18+ classified material is restricted to adults. Such material may contain classifiable elements such as sex scenes and drug use that are high in impact. Some material classified R18+ may be offensive to sections of the adult community. A person may be asked for proof of their age before purchasing, hiring or viewing R18+ films and computer games at a retail store or cinema.

The above classifications refer to Video and computer games and will be printed on the front of every game. Likewise iPad apps have a rating which refers to the recommended age for each app.

Parents should check these age restrictions when apps are being downloaded to assure they are suitable. Often, what seems like an innocent app can be rated for older users and caution should be used if allowing your child to load them. One of these we have seen at the school is KIK. Many parents think this is an innocent app that allows their child to communicate with other children, until they realise it is one of the few chat apps on the app store that are rated 17+.

The reason for this higher rating is that it cannot be regulated, each user is totally anonymous and it is a “playground” for bullies and paedophiles.

The school has been successful in blocking this app this week but parents need to be aware of the dangers of allowing their children to continue to use it or similar apps. There are many, much safer ways to communicate online and ask yourself, if someone (including your own child) feels the need to be totally anonymous online – why? What are they trying to hide? And do you want your 12 year old talking to complete strangers? Online is no safer than out on the street, in fact it can be worse because online you can pretend you are someone you are not (it’s hard to fake being 12 when you can be seen).

You can find more information on classifications by going to www.classifications.gov.au

CAREERS NEWS WEEK 2 TERM 3 2013

Reminders:
- University prerequisites for 2016 (Current Year 10 students) – in the daily papers, Monday 22 July (also available on the VTAC website - www.vtac.edu.au/publications.html)
- Open Days - coming up in August

OPEN DAYS – Annual University and TAFE Open Days are coming up soon. These are a great opportunity for you to check out facilities, courses, locations, attend presentations about courses and careers, and to talk to staff and students. Year 10 is good time to start attending these, and Year 11 is a good time to attend too. Starting visits in Year 12 is leaving it a bit late, although still worthwhile. Applying for courses happens in Term 3 of the Year 12 year, the same time as Open Days are.

OPEN DAY DATES FOR YOUR DIARY (generally 10am to 4pm – check websites):
- Sat 3 Aug – Monash University (Berwick, Gippsland, Peninsula campuses)
- Sun 4 Aug – Deakin University (Warrnambool); Monash University (Caulfield, Clayton, Parkville); Swinburne (University & TAFE) (Hawthorn)
- Sun 11 Aug – Australian Catholic University (Melbourne); Deakin (Geelong); Gordon (Geelong); RMIT (University and TAFE)
- Sun 18 Aug – La Trobe University (Bendigo); Melbourne Uni (Parkville & Southbank - VCA)
- Sun 25 Aug – ACU (Ballarat); Ballarat University; Box Hill Institute; Deakin (Burwood); La Trobe (Bundoora); Victoria University and TAFE; William Angliss Institute
- Sun 1 Sept – La Trobe University (Albury/ Wodonga)

Note: Holmesglen has an Open Day every third Wednesday of the month; visit on your way home from school or during the day; see www.holmesglen.edu.au/showcase/events/open_wednesdays

HOW TO GET THE MOST OUT OF OPEN DAYS –
Don’t wander aimlessly….try the following:
- Obtain an Open Day Guide beforehand (eg from websites like www.deakin.edu.au/openday or www.openday.unimelb.edu.au) - some hard copies are available in the careers room
- Plan to be at Open Day when relevant information sessions are conducted
- Allow sufficient time for your visit; two hours or so would be advisable
- Speak to staff about courses that interest you - note your questions beforehand
- Get a student perspective - speak to students studying courses that interest you
- Collect information/brochures
- Ask about industry based-learning (IBL) opportunities; these can assist with gaining employment
- Ask about international study opportunities – a very popular option
- Consider transport issues; is the campus accessible from where you live?
- Check the environment where you will study; will you be happy there for three/four years?
- Consider the facilities/ clubs offered at your preferred institution

- Consider visiting a rural campus, especially if you think you won’t obtain a high enough ATAR for a metropolitan campus. ATAR’s are often lower and they often offer more personal assistance, accommodation, and a lifestyle which will suit some students.

IMPORTANT NOTE: If you plan to apply for a course involving an interview/ folio presentation/ audition as part of the selection process you may well be asked what you learnt or found of interest about the course at Open Day. Attendance is a MUST!

EXPLORING OCCUPATIONAL THERAPY AS A CAREER – Interested in a career as an O.T.? An opportunity to collect information, talk to people and find out more about careers in one location.

DESIGN COURSES AT SWINBURNE IN 2014 – Swinburne will be making some changes and additions to a range of Bachelor of Design courses in 2014.
- The Bachelor of Design (Industrial Design) will become a four-year program
- The Bachelor of Design (Interior Design) will be replaced with a four-year Bachelor of Design (Interior Architecture)
- A new course, the Bachelor of Film and Television (Animation) will commence in 2014

SCIENCE AT SWINBURNE – Swinburne will be offering some new majors in the Bachelor of Science in 2014: Applied mathematics, Biomedical physiology, Biomolecular science, Chemistry, Computer science and mathematics, Environmental science, Physics, Psychology, Psychophysiology.

AUSTRALIAN CATHOLIC UNIVERSITY ARTS DEGREES – ACU is committed to developing graduates with strong communication and analytical skills, flexible and innovative thinking, who will seek exciting career options in the global workforce. Arts Advantage is a new subject which will stimulate students to think from the very beginning of the degree about work readiness and the attributes sought by employers. The compulsory unit will focus on work readiness, and building relevant skills and knowledge in essential areas. It will be undertaken in the B. Arts, B. Creative Arts and the B. Arts/B. Global Studies from Semester 1, 2014.

PARENTS AND DEAKIN UNIVERSITY – Would you like to be better informed about further study options for your child, how to prepare for this important transition, and key dates and processes? You will be able to meet staff and students, find out about the range of courses, the costs associated with further study, the VTAC application process and more about campus life. When/Where: 6-8pm, Wed 24 July, Deakin University, 221 Burwood Highway; 6-8pm, Wed 11 Sept, Geelong Waterfront Campus, 1 Gheringhap St, Geelong; Register: www.deakin.edu.au/parents. Refreshments will be served, and you can enter into a prize draw to win a $1,000 travel voucher.

STUDENT AND PARENT EVENING AT VICTORIA UNIVERSITY – The transition from school to further education can be daunting for parents and students. Find out about courses, facilities, the VTAC system, how parents can assist with transition, and talk to VU representatives. When: 7-9pm, Tues 13 Aug; Where:
WHY STUDY SPORT AT VICTORIA UNIVERSITY? If you are passionate about staying fit and healthy, and want to help others do the same, you can join a motivated group of like-minded people in VU’s College of Sport and Exercise Science. Be spurred on by internationally recognised teaching staff who are highly sought after in the sports and exercise science industries, as coaches, advisers and more. You’ll also benefit from the close links with sporting institutions such as the Victorian and Australian Institutes of Sport, Western Bulldogs, AFL and Netball Australia. With a range of courses spanning TAFE, bachelor and postgraduate qualifications, you will find an entry point that suits your level of education.

MONASH UNIVERSITY’S NEW BACHELOR OF COUNSELLING – The Berwick campus of Monash is offering a new degree in counselling in 2014. Recognised by the Australian Counseling Association (ACA), the degree will provide students with a solid background in psychology, as well as in-field placement opportunities and will focus on delivering counselling to diverse communities. At completion of the degree, graduates will be job ready as this course does not require further postgraduate qualifications to find accredited employment (unlike a psychologist).
