Samantha Cunnington Tribute

Sam Cunnington was an inspiration to all that had the pleasure of knowing her. Sam’s company was called Personal Best. She was passionate about people working towards being the best they could possibly be, and supported many in achieving this goal. Her inspirational battle with breast cancer was made public through her tireless work to promote breast cancer awareness and raise funds to support the fight against this undiscriminating disease. Sam role-modelled strength, determination and passion. She celebrated the achievements of her children and made positive plans for the future. As a community we were blessed to have had Sam as a member and grateful for the legacy she has left behind.

To Steve, Marissa, Max, Lewis and family our deepest condolences. The support and strength they have all shown through this tragedy has been inspiring.

It’s up to all of us now to carry on with Sam’s great work and “Be our Best”.

Calendar:

May
9th TSPA Mothers Day Stall
10th 3-12 Cross Country
13-17th Yr 11 Work Experience
14-16th NAPLAN
15th Keys Please Yr 10
13-17th Library Book Fair
20-24th Education Week
20th Choral Speaking 3-4
21st Barwon Prison Exc

Assistant Principal Reports

Congratulations to all the students who competed in the Interschool Senior/Intermediate Football and Netball Event on Tuesday.

NAPLAN: All students in years 3, 5, 7 and 9 will participate in these tests on Tuesday 14th, Wednesday 15th and Thursday 16th of May. Information regarding the test will be provided to parents and students shortly.

What is NAPLAN? The National Assessment Program – Literacy and Numeracy (NAPLAN) is an annual national assessment for all students in Years 3, 5, 7, and 9. All students in these year levels are expected to participate in tests in Reading, Writing, Language Conventions (spelling, grammar and punctuation) and Numeracy. All government and nongovernment education authorities have contributed to the development of NAPLAN materials. If you have any questions regarding this please contact the school on 5598 3381.

Will I receive a report on my child’s performance? A NAPLAN report will be issued by your school later in the year. The same report format is used for every student in Australia. The school will notify you when the reports are being sent home. If you do not receive a report, you should contact the school. Individual student results are strictly confidential.

All Students in Year 7 & 9 will receive a NAPLAN “information pamphlet for parents” today.

Uniform: The uniform (dress code) policy for 2013. Some of the notable changes were:

- Sports shorts (only P.E classes)
- Black leather footwear for all students
- Timboon P-12 School bag (all students must have one by 2014)
The school dress code (uniform) policy is set out by the school council. Another added expectation set out by school council is that all students have/use a Timboon P-12 School Bag by 2013. Large ($55.00) or Small ($45.00) bags can be purchased from the school office.

**Please ensure that your child is wearing the correct school uniform when leaving home or if they are out of uniform that they provide a note to the office/form teacher.**

If you require further clarification or support regarding the uniform policy please contact me at the school on Ph: 55983381

**Immunisation:** Reminder that all year 7 boys and girls, year 9 boys, some year 10 students will receive the 2nd round of immunisations on Friday the 24th May.

On Monday our year 9/10 C45 (Small Business Class) visited the Tower Hill Lavender farm.

**Year 9/10 C45 Business Unit:**
- **What are they doing (Task)?** Visiting a Lavender farm to see first-hand how this business operates.
- **Why are they doing it (Learning)?** Learn how to grow lavender so we can plant it on a school plot. Focus on the business and horticulture aspects of this process.
- **What does it look like (Success)?** Area full of flowering lavender on our school grounds. Develop an Enterprise component to the project.

Skills and qualities that help children cope with life’s ups and downs:
- Trust - that the world is safe and that there are caring people to help them.
- Belief - in their ability to do things for themselves and achieve their goals.
- Feeling good - about themselves and feeling valued for who they are by their parents and carers.
- Optimism - that things generally turn out well.
- Ability to manage their feelings, thoughts and behaviours.

Children develop these skills and qualities over time, initially through their experiences in coping with small stresses with help from supportive adults. When bigger stresses come along, even though at first they might feel quite distressed, children can draw on what they have learned about helping themselves to cope and feel better. Looking to others for support continues to be an effective way of coping.

And remember: “When I started counting my blessings, my whole life turned around”. Anon

**SEAN FITZPATRICK**
**ASSISTANT PRINCIPAL**

Our annual Cross Country is on this Friday beginning at 2:15 down at the Distillery. Any parent interested in coming to cheer or run the event is more than welcome to come along. Each student will score extra points for coming in their house colours on the day.

Thanks to the families who are making an effort to support our school uniform policy by wearing correct items. Unfortunately, the number of students now coming along in “track pants” and “runners” seems to have had a large increase this last week. Please make adjustments to this prior to letters being sent out.

The annual NAPLAN test week will be during week 5 of this term. Students in years 3, 5, 7 and 9 are all involved in this process. Notes with information to parents will shortly be distributed.

**ANDREA TAYLOR**
**ASSISTANT PRINCIPAL**

**P63 : Beyond School - career pathways**

A big thank you to yet another community member who freely gave her time to talk with our Year 10 students about her career pathway and experiences. Melissa Berry, the Director of TRY Timboon Children’s Centre, described her pathway from school, to university and her involvement in different Early Education settings - child care, pre-school as well as schools. Melissa spoke of the qualities and attributes students should develop while at school to assist them in achieving career goals, giving hints for resume writing and presentation.

**Year 10 Urban camp - June 12th**

Students are asked to organise the purchase of their own Myki cards for travel on public transport in Melbourne, prior to the camp. They received information this week about how to apply for a Myki card online. Warrnambool Railway Station does not sell or ‘top up’ Myki cards. It is possible to buy child Myki cards from retail outlets in Geelong. We will have limited opportunities to purchase these in Melbourne prior to using them. Organising these online will require a credit card number and at least 7 days for delivery. If it is not possible for a student attending camp to get a Myki card prior to camp, please let Mrs Nicholson or Ms Wakefield know as soon as possible so we can investigate alternative options.

**Year 11 Work Experience**

Year 11 VCE students will be undertaking Work Experience placements next week. The majority of students are placed in...
Melbourne and will be staying in Melbourne Metro Youth Hostel. Others are placed locally. We depart from school on Sunday afternoon to arrive in Melbourne with daylight to explore our surrounds and get ready for the excitement of Public Transport in rush hour in Melbourne. We return home late Friday night. A long, challenging and exciting week for students and staff. We should have some interesting stories to share once we return !!! Wish us luck!

Good luck also to our VCAL students will be attending their weekly work placements, attending their TAFE courses and following their normal school program, attending school as usual.

JULIE NICHOLSON

NETBALL REPORT
A senior (Yr 11/12) and intermediate (Yr 9/10) team competed in the HSSSD round of Netball. The game results were:-

SENIORS: R. Beames, J. Couch, L. Couch, J. Finch, T. Lindquist, B. Lindsay, V. Millard, H. Weel and G. Spokes

Round 1 vs Cobden: Timboon won 10 to 14
Round 2 vs Camperdown: Timboon won 26 to 10
Round 3 vs MRC: Timboon won in a close match 22 to 19
Round 4 vs Terang: Timboon won 20 to 7

Timboon progress to the next round. A wonderful effort by all players who demonstrated excellent team spirit and cohesive play.

INTERMEDIATE: C. Ayres, G. Barnett, O. Bell, A. Blain, R. Dendle, E. Finch, A. Harris, K. Jones and R. Vogels.

Round 1 vs MRC: Timboon lost 10 to 14
Round 2 vs Cobden: Timboon lost 8 to 16
Round 3 vs Camperdown: Timboon a convincing win 19 to 3
Round 4 vs Terang: An extremely close win 10 to 9.

A sporting effort by all team members to come third in the competition with 2 wins and 2 losses.

Thank you to Kirsty Ludeman for being our official scorer and to Emily, Jaymie, Hayley and Tess for umpiring.

CAROLYN WORDSWORTH

JUNIOR NETBALL REPORT
The Year 7 and Year 8 netball teams played at Terang stadium on Tuesday May 7th.

RESULTS:
Year 7 team: Win against Terang, losses against Cobden and MRC. The team won the consolation to place 3rd in the competition.
Year 8 Team: Lost against very competitive MRC and Cobden team and improved to lose by three goals to Camperdown and Terang.

Thanks to all the girls who took part. They showed an improvement in their game skills and strategies and par

DONATIONS WANTED
Donations of secondhand Auskick footballs and Auskick pumps to take to Vietnam. We especially need some pumps as the balls will need to be deflated to pack. This will allow our students to teach the kicks at the orphanage how to play Aussie Rules.

Thanks Nigel
(any donations can be dropped off for Nigel at the school office).

JULIA McMEEL

“IKeys Please” is a short, 70-75 minute session aimed at helping you, the Learner Driver, enjoy the learning-to-drive experience, pass your Licence tests and become a safe and competent driver. At the same time it will help your supervising drivers (parents, older brothers/sisters, uncles, aunts, whoever) tackle their role with confidence while avoiding the stress that can sometimes be a part of it.

It’s been run here at Timboon P-12 College for a few years now, with great success. Everybody who attends comes away saying they’ve learned something. And had a laugh!

Learning to drive should be a fun, exciting time – not a scary or dull chore. We’ll show you how to make the most of it. Even though it’s during the school day, parents are most welcome to join us!

5-8 Room
Wednesday, May 15, 2013 at 9.00 am.

All we need is you!
(p.s. It really would be handy if your parents come along)

ART COMPETITIONS TERM 2
WRAD Art in Schools Competition
Theme: “The Effects of Drugs on the Community”
Media: Anything on Canvas (must be able to be hung)
Age Group: Year 9-12
Closing Date: Tuesday, 21st May
SPECIAL LIBRARY EVENT
Visit the Book Fair in our Library. Proceeds from sales will be used to buy new books for a “CAFÉ” reading program, and a selection of books will be donated to the orphanage in Vietnam that our senior students will be visiting on their upcoming trip.

JENNY EVANS

Terry’s Tech Talk

Cheap phone calls:
I have talked a lot about the future and what you can do if you have heaps of spare money you don’t need. Now I want to go where the phone companies don’t want us to know about – Free and cheap phone calls.
Let’s face it, when they said “talk is cheap” they were never talking about phone calls which can add up, especially if you have friends and family a long way away or even overseas (at Timboon that can include Warrnambool which is an STD call).
The first is quick, easy and free if you are with Telstra and is called “wide area calls”. Wide area calls is for country people who, like Timboon residents, have an STD phone call to the “local” city, in our case Warrnambool. So many things we do involve a phone call to Warrnambool.
Here is the fix that Telstra don’t advertise loudly. Ring Telstra and ask to be connected to “Wide Area Calls”. As soon as you do this, you can ring Warrnambool and anywhere in between for a local phone call – untimed (this does NOT allow you to connect to Colac as they are in the 53 phone district).

The technical stuff: Phones are set into zones which can be identified by the 5598 prefix. A local phone call is any number within your zone and any zone connecting to your zone i.e. 5595, 5566 etc. Wide area calls allows all your current zones plus one extra zone as long as it is within (in our case) the 55 phone exchange. This means from the Timboon township you can call to about Port Fairy – and it’s a local call.
This is great if your family and friends live in Warrnambool, you can now talk all day for the cost of a local call, but what if you want to ring Queensland or your kids have just moved to Melbourne for University?

This is where the internet can get really useful. Wouldn’t it be great to be able to talk anywhere in Australia, untimed for free? Yes, I did say that correctly: untimed for free anywhere in Australia.
It’s called VoIP (Voice Over Internet Protocol) and uses your internet to make phone calls. This does require you to sign up with a VoIP provider with a cost starting from $10 per month for a service that gives 10cent phone calls, $15 for free calls (to fixed lines only) or $40 for free calls to mobiles and most overseas countries as well.

The cheaper plans allow you to talk to the major overseas countries for 1.9cents per minute, while the $40 plan gives you the lot.
Once you connect to a VoIP service you only need your current phone line to enable a broadband connection and to receive calls, so you can reduce the amount you pay for line rental as well.
But wait, there’s more! Now you can choose as many phone numbers as you want (for $5 per extra number) in any exchange you want. Consider this, your mum is in Queensland, or your kids are in Melbourne and you can ring them for free but it still costs them heaps to ring home. You get a Brisbane or Melbourne phone number and they can ring you for a local call (this is great for businesses that work out of many cities, clients can ring cheaper and/or think they are local).

I know many of us have large mobile plans with hundreds of dollars in available calls, but with VOIP you may even be able to reduce your mobile bill and use your home phone more.
I hear you ask “what about the quality”, I have been using VoIP now for about eight years and most people I ring have never known. Even visitors to my home that have used the phone did not know they were using VoIP (I use a cordless phone as well). Because the VoIP phone uses the internet and not the phone line, the original phone can still be used normally to make or receive calls whilst someone else in the house is on the VoIP line.

Happy Talking.
Thanks for taking the time to read this article.

TWO DIFFERENT CAREERS EVENTS
For Year 9 students

1. TRY A CAREER EXPO. SW TAFE SHERWOOD PARK CAMPUS

One of the biggest challenges for a young person is how and where to commence their career journey. The Try A Career expo on Friday 31st May at the SWTAFE’s Sherwood Park Campus gives the opportunity for our Year 9s to try ‘hands on activities’ and talk to people involved in careers and to find out where to learn more. Over a 90 minute period, students will have the opportunity to engage in three different hands on experiences. A bus will take the students to Sherwood Park on Friday 31st May. They will be there from 11:20 until 12:50. Students make their choices at school and will be given an individual timetable.

Available for all students:

2. CAREERS EXPO 2013

All Warrnambool and District Secondary Colleges in conjunction with the region’s Further Education providers will be combining to host the Biennial Careers Expo during Careers Week in May 2013. The primary aim of the Expo is to assist students and their parents to research a wide range of careers options in preparation for the important decisions students will make over the next few years.

The Careers Expo is conducted every two years and from past experience and testimonials, is an invaluable experience and extremely useful in assisting students in their career decision making and transition process. Research clearly indicates that families who research career options early have a greater degree of success in navigating through the many career options. Guest presenters are current practitioners in their chosen vocations and they will outline the day to day tasks involved within their career, the career paths and education and training required to obtain employment in their field / industry as well as further career prospects / advancement opportunities.

Expo Dates and Venues:

Each evening will commence at 7:00pm with static displays. Presentation commence at the times listed below:

Students are able to choose up to three different presentations on each of the three evenings. As it is possible to attend nine different career presentations during the week, we encourage all students and parents to take full advantage of this schedule. Students and their families would have to make their own way to Warrnambool. These sessions are in the evening.

Come & celebrate the release of Samantha Cunnington’s spirit from her body at

SAMS AFTER PARTY

Sunday 19\textsuperscript{th} May

Timboon Hall from 1.30pm

As Sam’s physical body had broken down beyond repair she will not be making an appearance at the event, however, there will be plenty of photos and stories to share.

After an initial address by (Uncle) Ray Smith the microphone will be open for anyone to share their stories

There will also be a scrapbook present and we encourage you to add your thoughts, photos or stories into this book so it becomes a keepsake for the family

As you all would know Sam was always happy to stop for coffee and cake anytime, so plenty of refreshments will be available

As this is not a funeral, but an after party, neat casual dress is ok—no suits/ties please!

Hope to see you there!

Steve & Family
