4.0 Rights and Responsibilities
The basis of our school’s approach to student management is the Rights and Responsibilities Policy (3.14). The purpose of this policy is to promote a happy, safe, supportive and stimulating learning environment that meets the needs of the school community. It encourages in students the development of responsible behaviour and self-discipline, through fairness, tolerance and respect for the rights and welfare of others. It is the Principal’s responsibility to ensure that budgets and programs support the agreed responsibilities.

Agreed Responsibilities

“By using a common set of principle centred concepts and reinforcing them through language and practice we can better prepare our students for all aspects of life at and after school”. “The personal and inter-personal principles set out in the ‘7 Habits of Highly Effective People’ guide the effective learning and behaviour of all staff and students and support a curriculum designed to immerse stakeholders in best practice pedagogy within and beyond the school.” (Timboon P-12 Leading Schools submission 2004)

Through consultation the following set of shared expectations have been developed to guide the school community in its efforts to maintain a high standard of student wellbeing and engagement

5.0 Student Management Plan
At Timboon P-12 School positive behaviour will be acknowledged at all times (3.28 Student Recognition Policy). However when behaviour is inappropriate the consequences established in the Student Code of Conduct will be followed.

Restorative practices will be used prior to any more punitive consequences. The intention is for students to recognise what harm has been caused by their actions, what needs to be done to repair the harm and to make a commitment to make reparation.

The school uses a “Two-step Approach” in regard to physical aggression, verbal and physical bullying.
